

Spring 2023- WGI Representative Report

May 15th, 2023

Overview

2023 was a HUGE success! In 2022 we voted to have a Senior class, and it was amazing to have two groups come out this past year in that class. We saw a lot of great talent of all ages in that class! We also had amazing representation at WGI this year. Congrats goes out to Reeths Puffer High School for making FINALS in Scholastic A! We also had many other teams advancing to the semifinals which is an incredible accomplishment.

Communication

While important information will be coming from the secretary via Competition Suite, myself and the MCGC rep will continue to target our “groups” with additional reminders, or information we can pass along. It is my goal to be able to communicate with all staff members, not just the director listed- (Especially since sometimes the director listed is a band director.)

We unfortunately had some troubles this year with communication between reps and directors with important deadlines approaching or asking for safesport. Sometimes our emails may come to your junk/spam folders. Going forward- The reps will be using text messages as another form of communication when there is something we need with a deadline.

Social Media- The MCGC Rep and myself have been and will continue to post regularly on Facebook and Instagram. We would like to make this a lot more engaging and fun, especially for the members! Trick Tuesday, Throwback Thursday, posting educational materials, etc. If you have ideas and would like to be involved please reach out!

Future Goals

I would LOVE to see the circuit grow with new faces, ideas, and fresh perspectives! It is my goal this year to help the VP create a real educational committee and follow through with ideas that will be helpful for all skill levels and ages. We want your help! Please do not be afraid to reach out and get involved! The time commitment is minimal, and I know we have so many talented directors and staff that have great ideas on how we can improve.

Conclusion

It has been great representing all of the WGI class units and getting to learn more about this circuit. I am looking forward to this summer and planning the 2024 season! Here we grow!

Best,

Megan Arreola
